

Read-a-Thon Reading Log

The LFES PTA has a goal of each student reading **20 minutes every day for a total of 200 minutes**. This is the number they will tell their supporters they are trying to reach. Parents, friends, and older siblings may read aloud to the student and have those minutes count toward total reading time.

Students mark off how many minutes they read each day on their reading log. Try to read every day of the Read-a-Thon. All reading done outside of school counts, whether the student reads or someone reads to the student. We will also have guest reader videos available to listen to that will count. Please visit the LFES PTA website for the link.
